EU Sustainable Energy Week  
media.relations@eusew.eu

### **AD Heating Ltd to hold Wood Fuelled Heating Seminar as part of EU Sustainable Energy Week 2013**

**WHAT:** To help promote energy efficiency and renewable energy use in Europe, AD Heating Ltd will hold a Wood Fuelled Heating Seminar on Friday 28<sup>th</sup> June from 13:00 – 18:00. At the event attendees will get an introduction to wood fuelled heating from AD Heating's Managing Director Athol Duckett, as well as presentations from the Energy Savings Trust Scotland on loans and grants, NEWFuel on the production of wood chip, Puffin Pellets on the production of wood pellets, and two real life case studies where customers with a log boiler and a pellet boiler will describe how they came to choose the technology, what the installation process was like, and how it has been living with the system.

The event is being held at the AD Heating showroom in Fyvie where there are also working wood-fuelled boilers for people to see.

The Wood Fuelled Heating Seminar is a part of the EU Sustainable Energy Week (EUSEW) 2013 which contributes to achieving the EU 2020 climate and energy targets with regard to greenhouse gas emissions, energy efficiency and renewable energy sources. The 2013 event takes place 24-28 June, and more than 900 events are being organised all across Europe.

Athol Duckett comments: *"There are so many different ways that we can all contribute to reducing our energy consumption and using greener energy sources – EUSEW is great way of highlighting all the different technologies and schemes already working and available to people. Aberdeenshire is fortunate to have a high proportion of sustainable technology companies, many of which are holding open events this week, giving the opportunity for the general public to find out more."*

**WHEN:** 13:00 – 18:00 on Friday 24<sup>th</sup> June 2013.

**WHO:** Athol Duckett – Managing Director, AD Heating Ltd  
Stewart Davidson – Home Energy Advisor, Energy Savings Trust  
Hamish Oliphant – Managing Director, NEWFuel Ltd  
Bryan Harper – Managing Director, Puffin Pellets Ltd  
Richard Wells – log boiler installation customer  
Richard Aspden – pellet boiler installation customer

**WHERE:** AD Heating Ltd, Unit 6 Lewes, Fyvie, Turriff, AB53 8PB

**ATTACHED:** 1 = Poster with timings for AD Heating event  
2 = Poster with all events on in Aberdeenshire for EUSEW

**OTHER:** As well as AD Heating, a number of other Aberdeenshire companies are also taking part in EUSEW 2013:

**Richard Irvin Sustainable Energy - Fuel Cell Seminar:**

When: Each day 24th - 28th June, 12:00-13:00.

Location: Irvin House, Hareness Road, Altens Industrial Estate

What: BlueGen is the first and currently only MCS accredited fuel cell micro CHP system available in the UK. Take the opportunity to attend a lunchtime briefing from Dave McGrath of Richard Irvin Sustainable Energy to find out more about hydrogen technology and its practical application.

Contact: Dave McGrath

Tel: 01224 367182

Email: [dave.mcgrath@richard-irvin.co.uk](mailto:dave.mcgrath@richard-irvin.co.uk)

**Carden Consulting - Energy Efficiency and Renewable Energy:**

When: Wednesday 26th June, 17:00-19:00.

Location: The Cafe, Pitcaple Environmental Project, Pitscurry, AB51 5DY.

What: Find out about reducing the energy cost and about renewable energy options for the buildings you live and work in from Independent Consultant Clare Carden. Hear how the Pitcaple Environmental Project has integrated renewable energy technologies into their site at Pitscurry.

Contact: Clare Carden

Tel: 01224 279625

Email: [clare@cardenconsulting.co.uk](mailto:clare@cardenconsulting.co.uk)

**Hot Stovies – Arbuthnott Wood Pellets Ltd:**

When: Friday 28th June: Wood Pellet Facility Tour, 10:30 - 12:00

Location: Arbuthnott, Laurencekirk, AB30 1PA

What: A tour of the 'Hot Stovies' wood pellet manufacturing facility at the Arbuthnott Estate - find out how pellets are manufactured and transported, plus a presentation on the use and benefits of wood pellets.

Contact: Keith Arbuthnott
